The new 2020 Glaucoma Pharmaceuticals Market Report features updated analysis on the prevalence of glaucoma, diagnosis and treatment paradigms, and sales forecasts. The report examines share of patients by primary glaucoma medicine and stratifies patients by number of meds. It also analyzes pipeline pharmaceuticals and new drug delivery technologies.

**Market Scope**

**2020 Glaucoma Pharmaceuticals Market Report**

The 2020 Glaucoma Pharmaceuticals Market Report provides analysis of current markets for glaucoma medications and forecasts market performance over the next five years. The report analyzes the global market based on Market Scope’s eight regional/economic categories, and also uses these categories in global forecasts for disease prevalence. The report explores data and information on the disease process, glaucoma populations, glaucoma care, and a range of additional topics intended to provide depth and context to the reader’s understanding of this ophthalmic segment.

Coverage also includes:

- Types of glaucoma and risk factors
- Diagnosis and treatment of the disease
- A global view of glaucoma care providers, including ophthalmologists and optometrists
- Current estimates and five-year forecasts for disease prevalence worldwide
- Glaucoma medications in the marketplace and their mechanisms of action
- Discussion of generic versus branded drugs and their market impact
- The development pipeline for glaucoma pharmaceuticals
- Profiles of companies making and marketing glaucoma medications

**Estimated 2019 Global Glaucoma Pharmaceuticals Market by Revenue Share**

**Regional Population by Disease Type**
The 2020 Glaucoma Pharmaceuticals Report is Market Scope’s comprehensive analysis of the glaucoma pharmaceutical segment of ophthalmology. Our report is designed for members of the ophthalmic industry who participate in this market or are weighing doing so, market analysts, ophthalmologists who treat glaucoma patients, investors, and any other parties who may be interested in the global marketplace of glaucoma pharmaceuticals.
