PUBLISHED  
July 2021

The 2021 Cataract Surgical Equipment Market Report evaluates the impact of COVID-19 on the cataract products market in 2020 and forecasts recovery by country by year. The report examines new platforms and significant upgrades being launched by leading USP competitors, including J&J Vision, Hoya Ruck, Bausch + Lomb, BVI, DORC, and Oertli. It also describes the next-generation LENSAR ALLY combination FLACS/phaco console and its likely market impact; and provides updates on the latest challenges to the dominance of ultrasonic phaco, including Carl Zeiss Meditec's miLoop and Med-Logic's CataPulse.

## Market Scope

# 2021 Cataract Surgical Equipment Market Report

The “2021 Cataract Surgical Equipment Market Report” provides an in-depth analysis of the current cataract surgical equipment market and forecasts performance over the next five years. It includes analysis of current markets, identification of important trends, and discussion of key factors for future success.

The following information is also included:

- Information on cataract incidence and cataract surgeries worldwide.
- Current estimates and five-year forecasts for global cataract surgery volume.
- Profiles of the cataract and cataract/refractive surgeon in the US.
- Information about corporate surgery providers.
- Examination of current reimbursement levels.
- Descriptions and discussion of phaco machines and femtosecond laser-assisted cataract surgery equipment.
- Analysis of cataract surgical device manufacturers and market share.
- Examination of markets for phaco packs and accessories.
- Information on the market for photodisruptor lasers.

## 2021 Cataract Surgeries Performed Using USP, FLACS, ECCE/Other

## Drivers for Sales of New Ultrasonic Phaco Machines

The 2021 report features a new section that lists the most important safety issues with today's ultrasonic phaco machines and describes measures being taken to overcome them. It provides an update on robotic cataract surgery developments, including an adoption projection.
