The new “2020 Ophthalmic Surgical Instruments Market Report” features refreshed data and new forecasts through 2025. The report examines trends in ophthalmic surgeries, analyzes the competitive landscape dominated by 10 companies, and addresses different market dynamics and competitive imperatives of disposable and reusable instrument market segments.

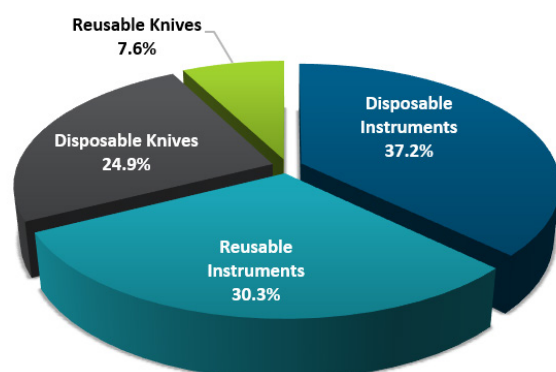

## Market Scope

# 2020 Ophthalmic Surgical Instruments Market Report

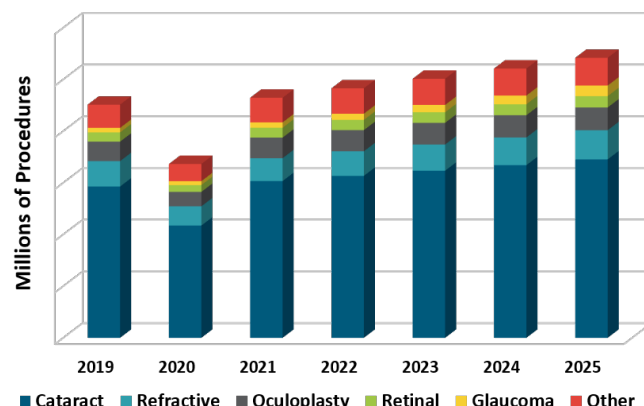

The “2020 Ophthalmic Surgical Instruments Market Report” offers a comprehensive analysis of the 2020 global market for surgical instruments—both reusable and disposable—and forecasts market performance over the next five years. Important trends, market drivers, and key factors for future success are discussed. The report offers an overview of ophthalmic surgeries and surgery volume worldwide, as well as an in-depth look at providers of cataract surgery, the most commonly performed ophthalmic surgery. The following information is included:

- Descriptions of reusable and disposable ophthalmic surgical products
- Profiles of companies in the reusable and disposable ophthalmic surgical products industry
- Information on the global incidence of cataracts and global statistics on cataract surgeries
- Current estimates and five-year forecasts for cataract surgery volume worldwide
- Discussion of refractive lens exchange procedures
- Information on ophthalmic surgery providers
- US ASCs and cataract surgery providers worldwide
- Review of global cataract and glaucoma and treatment methods
- Global overview of ophthalmologists

## 2020 Global Surgical Instrument and Knife Market by Category

## Global Ophthalmic Surgery Projection by Subspecialty
